For those who like to enjoy the history and the landscapes at Ribera del Duero and Burgos, I offer my services as a **professional guide** in the languages English and German. I can help you finding the most interesting places, wineries, restaurants and hotels in this area.

To the wine tourism enthusiast, **Aranda** offers a variety of interesting activities: you can visit its most emblematic monuments such as the façades of the Santa María and San Juan churches and the wine world at the Interpretation Centre for Wine Architecture (CIAVIN). Other places and towns you can't miss are: **Peñaranda, Peñafiel, Monastery of la Vid, Lerma, Caleruega, Monastery of Silos, Covarrubias** and of course the capital of the province: **Burgos** with its Gothic Cathedral and its Monuments well known all round the world.

### FANCY AN UNFORGETTABLE DAY IN LA RIBERA DEL DUERO? ¿??

Forget about driving and get ready to enjoy visiting some wineries, tasting wines and discovering the history and beauty of this region. I can drive through this area, explain the monuments and sites. For a 2-3 people tour, I will be **your driver and guide** in my own vehicle (Nissan X Trail) or a Volkswagen caravelle (6 seats + driver). I can help you organizing your trip and tours in exclusive wineries and restaurants.

I can help you discovering the **underground cellars in Aranda** de Duero, excavated beneath the houses in the historical quarter, where you can enjoy a wine tasting or even an exclusive show of a magician in the historical cellar of **el Romellón**. (<http://bodegaelromellon.1minutesite.es>)
